New for 2025

Purchase eligible health and wellness products online at **Walgreens.com** for pickup, same day delivery or ship to your home. Enter your card number at checkout.

Another form of payment may apply for additional fees that include shipping, bottle deposits or bags (state specific).

3 Start using your card.

Once you've earned incentive rewards, you can use your card to pay for eligible health and wellness products. You can start using your allowance benefits as they are loaded onto your card each quarter. Use your benefit funds at participating in-store locations or online* at **CignaHealthyToday.com** and **Walgreens.com**.

Here are a few tips.

Your card is pre-activated and ready to use, so keep it in a safe, easy-to-access place. We'll load funds to your card throughout the year.

If the cost of a service or an item exceeds your available balance, you may be asked for an additional form of payment, or funds may be drawn from any incentive rewards you've earned.

Your card may be declined if you've exceeded your available funds; you're trying to buy ineligible items,** you're shopping at nonparticipating retailers; you're trying to get cash back; or you've entered a personal identification number (PIN).

Your card doesn't have a PIN. When paying through a card machine, be sure to select the credit option to bypass entering a PIN.

If you lose your card, please call us at the phone number listed on the first page. We'll send you a new card right away.
